**Notice of Meeting and
Management Information Circular**

For the Annual Meeting of Shareholders of

Minera IRL Ltd.

To be held on December 7, 2017

Letter from the Chairman

Fellow shareholders,

It is our pleasure to invite you to Minera IRL Limited's 2017 Annual General Shareholder Meeting to be held at 10:00 a.m. on Thursday December 7, 2017, in Vancouver, British Columbia, Canada.

As a shareholder, you have the right to vote your shares on all items that come before the meeting. Your vote is important and we encourage you to exercise your right in the manner that suits you best. We facilitate this process by enabling you to vote by proxy on the Internet, by phone, by fax or by mail. You can also vote in person at the meeting.

This circular provides details about all the items for consideration at the meeting, such as information about nominated directors, the auditors, our corporate governance practices, and reports from committees of the Board. It also contains detailed information about our philosophy, policies and programs for executive compensation and how your Board receives input from shareholders on these matters.

In the past year, Minera IRL has seen developments on several fronts and has met challenges along the way. Most recently, irregularities at COFIDE appear to have prevented COFIDE from honouring its commitments to our Company, and we have decided to address this on multiple fronts. We are eagerly anticipating the opportunity to present our case against COFIDE to the arbitration tribunal that was recently organized following our success against COFIDE, which attempted to block our effort to arbitrate by filing an action in the Peruvian Court.

Meanwhile, the board and management have been working hard on the company's daily operations. We are cutting administrative costs and we have optimized operations at our Corihuarmi mine, cutting costs and extending the life of the mine. At Ollachea, we are engaged with several third parties in an effort to secure funding for the Ollachea project (and to replace the COFIDE facility), and we have commissioned an optimization study with a view to reducing capital expenditure requirements and lead times for the project. Finally, we would also like to take this opportunity to thank the Community of Ollachea for its continued strong support for our Company and our project. We are very grateful for the community's unwavering commitment to the Ollachea project and the goodwill and trust extended to our Company over the last two difficult years.

Thank you for your support and continued confidence in Minera IRL Limited.

We look forward to seeing you at this year's meeting.

Sincerely,

"Gerardo Perez"

Gerardo Perez,
Chairman

Carta del Presidente

Estimados accionistas,

Es un placer invitarlos a la Reunión Anual General de Accionistas 2017 de Minera IRL Limited que se realizará el jueves 7 de diciembre de 2017 a las 10:00 a.m. en Vancouver, British Columbia, Canadá.

Como accionista, usted tiene derecho a votar con sus acciones en todos los artículos que se presenten en la reunión. Su voto es importante y lo alentamos a ejercer su derecho de la manera que le sea más conveniente. Nosotros facilitamos este proceso permitiéndole votar por proxy a través del Internet, por teléfono, por fax o por correo. También puede votar en persona en la reunión.

Esta circular proporciona detalles sobre todos los elementos de consideración en la reunión, como información sobre los directivos nominados, los auditores, nuestras prácticas de gobierno corporativo e informes del comité de la junta directiva. También contiene información detallada sobre nuestra filosofía, políticas y programas para la compensación de ejecutivos y cómo la junta directiva recibe aportes de los accionistas sobre estos asuntos.

En el último año, Minera IRL ha visto progresos en varios frentes y ha encontrado desafíos en el camino. Recientemente, las irregularidades en COFIDE parecen haber impedido que COFIDE cumpla sus compromisos con nuestra compañía, y hemos decidido afrontar esto en múltiples frentes. Esperamos ansiosamente la oportunidad de presentar nuestro caso en contra de COFIDE ante el tribunal de arbitraje que se organizó recientemente después de nuestro éxito contra COFIDE, que intentó paralizar nuestra acción de arbitraje mediante la presentación de una acción ante el Juzgado Peruano.

Mientras tanto, la junta directiva y la gerencia han estado trabajando duro en las operaciones diarias de la compañía. Estamos reduciendo costos administrativos y hemos optimizado las operaciones en nuestra mina Corihuarmi, reduciendo costos y extendiendo la vida útil de la mina. En Ollachea, estamos comprometidos con diferentes entidades para así asegurar el financiamiento del proyecto Ollachea (y reemplazar las instalaciones de COFIDE), y hemos comisionado un estudio de optimización con miras a reducir los gastos de capital requeridos y los plazos para el proyecto. Finalmente, también nos gustaría aprovechar esta oportunidad para agradecer a la Comunidad de Ollachea por su continuo y sólido apoyo a nuestra compañía y nuestro proyecto. Estamos muy agradecidos por el compromiso inquebrantable de la comunidad con el proyecto Ollachea y la buena voluntad y confianza extendidas a nuestra empresa en los últimos dos difíciles años.

Gracias por su apoyo y continua confianza en Minera IRL Limited.

Esperamos verlos en la reunión de este año.

Sinceramente,

"Gerardo Perez"

Gerardo Pérez,
Presidente

This means that more than half of the votes cast in relation to each such resolution must be cast in favour in order for it to be passed. It should be noted that a vote withheld is not a vote in law and will not be counted in the calculation of the proportion of votes for or against a resolution.

A shareholder may appoint more than one proxy in relation to the Meeting provided that each proxy is appointed to exercise the rights attached to a different share or shares held by that shareholder. Failure to specify the number of shares each proxy appointment relates to or specifying a number of shares in excess of those held by you on the relevant record date may result in the proxy appointment being invalid. The form of proxy must be signed under the hand of the shareholder or of his attorney duly authorised in writing or, if the shareholder is a corporation, either under seal or under the hand of an officer or attorney duly authorised. Management Information Circular

(all information as at 10 November 2017, unless otherwise noted)

PERSONS MAKING THE SOLICITATION

This management information circular (“**Information Circular**”) is furnished in connection with the solicitation of proxies being made by the management of Minera IRL Limited (the “**Company**”) for use at the Annual General Meeting of the Company’s shareholders (the “**Meeting**”) to be held at 900-885 West Georgia Street, Vancouver, British Columbia, Canada V6C 3H1 on 7 December 2017 at the time and for the purposes set forth in the accompanying Notice of Meeting.

Management of the Company does not contemplate a solicitation of proxies otherwise than by mail or the CREST electronic proxy appointment service. Shorecrest Group has been retained as our agent to assist with the shareholder mailing and meeting. The costs thereof will be borne by the Company.

APPOINTMENT AND REVOCATION OF PROXIES

The person named by default in the accompanying form of proxy is the Chairman of the Board of Directors of the Company. **A shareholder has the right to appoint a person other than the Chairman of the Board of Directors of the Company (who need not be a shareholder) to represent him or her at the Meeting by inserting the name of his or her chosen person in the space provided for that purpose on the form. A shareholder may appoint more than one proxy in relation to the Meeting provided that each proxy is appointed to exercise the rights attached to a different share or shares held by that shareholder. Failure to specify the number of shares each proxy appointment relates to or specifying a number of shares in excess of those held by you on the record date may result in the proxy appointment being invalid.**

A shareholder intending to appoint a person other than the Chairman of the Board of Directors of the Company as his or her proxy should notify the intended appointee of his or her appointment, obtain his or her consent to act as proxy and should instruct him or her on how the shareholder’s shares are to be voted. In any case, the form of proxy should be dated, executed and returned in accordance with the instructions set out in the Notice of Meeting and in the form of proxy.

To be valid, the form of proxy must be received by post or (during normal business hours only) by hand by the Company’s registrars, together with any power of attorney (or a copy thereof certified notari ally) under which it is signed, at either: (i) Computershare Investor Services (Jersey) Limited, c/o Computershare Investor Services PLC, The Pavilions, Bridgewater Road, Bristol, BS99 6ZY, United Kingdom; or (ii) (for those shareholders on the Canadian Registry) Computershare Investor Services Inc., Attention: Proxy Department, 100 University Avenue, 8th Floor, North Tower, Toronto, Ontario M5J 2Y1 Canada, in each case by no later than 10 a.m. Vancouver Time on 5 December 2017.

In the case of joint holdings, only one holder may sign and the vote of the senior holder who tenders a vote shall be accepted to the exclusion of the votes of the other joint holders, seniority for this purpose being determined by the order in which the names stand in the register of members in respect of joint holdings.

In addition to revocation in any other manner permitted by law, a shareholder who has given a proxy may revoke it, any time before it is exercised, by instrument in writing executed by the shareholder or by his power of attorney authorized in writing and deposited either at the registered office of the Company at any time up to and including the last business day preceding the day of the Meeting, or any adjournment thereof, at which the proxy is to be used, or with the Chairman of the Meeting on the day of the Meeting or any adjournment thereof.

ADVICE TO CREST MEMBERS

Shareholders who hold their shares through the CREST system ("**CREST members**") may elect to utilize the CREST electronic proxy appointment service to appoint a proxy or proxies by using the procedures described in the CREST Manual. CREST personal members or other CREST sponsored members, and those CREST members who have appointed a service provider(s), should refer to their CREST sponsor or voting service provider(s), who will be able to take the appropriate action on their behalf.

In order for a proxy appointment or instruction made using the CREST service to be valid, the appropriate CREST message (a "**CREST Proxy Instruction**") must be properly authenticated in accordance with Euroclear UK & Ireland Limited's specifications, and must contain the information required for such instruction, as described in the CREST Manual (available via www.euroclear.com/CREST). The message, regardless of whether it constitutes the appointment of a proxy or is an amendment to the instruction given to a previously appointed proxy must, in order to be valid, be transmitted so as to be received by the issuer's agent, Computershare Investor Services (Jersey) Limited (ID 3RA50), by 10 a.m. Vancouver time on 5 December 2017 (or 48 hours, excluding non-working days, preceding the date and time for any adjourned meeting). For this purpose, the time of receipt will be taken to be the time (as determined by the time stamp applied to the message by the CREST Application Host) from which the issuer's agent is able to retrieve the message by enquiry to CREST in the manner prescribed by CREST. After this time no message received through the CREST network will be accepted and any change of instructions to proxies appointed through CREST should be communicated to the appointee through other means.

CREST members and, where applicable, their CREST sponsors, or voting service providers should note that Euroclear UK & Ireland Limited does not make available special procedures in CREST for any particular message. Normal system timings and limitations will, therefore, apply in relation to the input of CREST Proxy Instructions. It is the responsibility of the CREST member concerned to take (or, if the CREST member is a CREST personal member, or sponsored member, or has appointed a voting service provider, to procure that his CREST sponsor or voting service provider(s) take(s)) such action as shall be necessary to ensure that a message is transmitted by means of the CREST system by any particular time. In this connection, CREST members and, where applicable, their CREST sponsors or voting system providers are referred, in particular, to those sections of the CREST Manual concerning practical limitations of the CREST system and timings.

The Company may treat as invalid a CREST Proxy Instruction in the circumstances set out in Article 34 of the Companies (Uncertificated Securities) (Jersey) Order 1999.

ADVICE TO BENEFICIAL SHAREHOLDERS

Persons who do not hold their shares in the Company in their own name (referred to in this Information Circular as “**Beneficial Shareholders**”) i.e. those whose shares are held through a nominee, trustee, fiduciary, intermediary, brokerage, management, client, depositary or other similar arrangements (the person holding the legal title to such shares, and their respective agents, nominees and other similar persons, being referred to in this Information Circular as a “**Broker**”) should note that only proxies deposited by shareholders who appear on the register of members of the Company will be recognized and acted upon at the Meeting. If shares are listed in an account statement provided to a shareholder by a Broker, those shares will, in all likelihood, not be registered in the shareholder’s name. Such shares will more likely be registered under the name of the Broker. In Canada, the vast majority of such shares are registered under the name of CDS & Co. (the registration name for The Canadian Depositary for Securities Limited, which acts as nominee for many Canadian brokerage firms). Shares held by Brokers on behalf of a Broker’s client can only be voted at the direction of the Beneficial Shareholder. Without specific instructions, Brokers may be prohibited from voting shares for the Broker’s clients. Therefore, each Beneficial Shareholder should discuss with their Broker and ensure that voting instructions are communicated to the appropriate person to ensure that the Broker can submit any voting or other instructions in advance of the relevant deadlines.

National Instrument 54-101 – *Communication with Beneficial Owners of Securities of a Reporting Issuer* of the Canadian Securities Administrators requires brokers and other intermediaries to seek voting instructions from Beneficial Shareholders in advance of shareholders’ meetings. The various Brokers and other intermediaries have their own mailing procedures and provide their own return instructions to clients, which should be carefully followed by Beneficial Shareholders in order to ensure that their shares are voted at the Meeting. The form of proxy supplied to a Beneficial Shareholder by its Broker is substantially similar to the form of proxy provided directly to registered shareholders by the Company. However, its purpose is limited to instructing the registered shareholder (i.e. the Broker) how to vote on behalf of the Beneficial Shareholder. If you have any questions respecting the voting of shares held through a Broker, please contact that broker or other intermediary for assistance.

Although a Beneficial Shareholder will not be recognized directly at the Meeting for the purposes of voting shares registered in the name of his or her Broker, a Beneficial Shareholder may attend the Meeting as proxyholder for the registered shareholder and vote the shares in that capacity. Beneficial Shareholders who wish to attend the Meeting and indirectly vote their shares as proxyholder for the registered shareholder should enter their own names in the blank space on the voting instruction form provided to them by their Broker and return it to their Broker in accordance with the instructions provided by the Broker.

All references to shareholders in this Information Circular and the accompanying form of proxy and Notice of Meeting are to registered shareholders unless specifically stated otherwise.

Voting of Shares Represented by Proxies

If a shareholder does not provide any voting instruction in the form of proxy, the relevant proxy will vote or abstain from voting at his or her discretion. **Where the Chairman of the Board of Directors of the Company is appointed to act as proxy for a shareholder and no voting instruction is specified by that shareholder in the relevant form of proxy the shares represented by such form of proxy will be voted by the Chairman of the Board of Directors of the Company in favour of all resolutions. A duly appointed proxy of a shareholder (including the Chairman of the Board of Directors of the Company) will also have discretion to vote (or abstain from voting) as he or she thinks fit in relation**

to any other matter which is properly put before the Meeting. To the knowledge of the Board of Directors of the Company, as at the date of this Information Circular, there are no such amendments or other matters to come before the Meeting.

Note that a vote withheld is not a vote in law, which means that the vote will not be counted in the calculation of votes either for or against any resolution.

VOTING SECURITIES, RECORD DATES AND PRINCIPAL HOLDERS OF VOTING SECURITIES

As at 10 November 2017, the Company had issued and outstanding 231,135,028 ordinary shares of no par value (each, a “share”). On a poll, each share entitles the holder to one (1) vote at the Meeting.

The Company has fixed 02 November 2017 as the record date for determination of persons entitled to receive notice of the Meeting. Only shareholders of record at the close of business on such date have accordingly been issued with the Notice of Meeting and this Information Circular. In accordance with Article 40 of the Companies (Uncertificated Securities) (Jersey) Order 1999, the Company has fixed 10 a.m. Vancouver time on 05 December 2017 as the time and date by which a person on the Company’s Jersey register of members must be entered on that Jersey register of members in order to have the right to attend or vote at the Meeting.

To the knowledge of the Directors and Executive Officers of the Company, there are no persons who, nor any company which, beneficially owns, directly or indirectly, or exercises control or direction over, shares carrying more than 10% of the voting rights attached to all outstanding shares of the Company, except for the following:

Name	No. of Shares Owned or Controlled (1)	Percentage of Outstanding Shares
Rio Tinto Mining and Exploration Limited ¹	44,126,780	19.09%

- Beneficial ownership of these shares is not known to the Company.

INTEREST OF CERTAIN PERSONS OR COMPANIES IN MATTERS TO BE ACTED UPON

Except as disclosed herein, no Person has any material interest, direct or indirect, by way of beneficial ownership of securities or otherwise, in any matter to be acted upon at the Meeting other than the election of directors or the appointment of auditors. For the purpose of this paragraph, a “Person” shall include each person or company: (a) who has been a director or executive officer of the Company at any time since the commencement of the Company’s last financial year; (b) who is a proposed nominee for election as a director of the Company; or (c) who is an associate or affiliate of a person or company included in subparagraphs (a) or (b).

Election of Directors

Resolutions 2 to 6 relate to the election and re-appointment of directors.

The Company’s Articles of Association provide that at every annual general meeting, one-third of the directors shall retire from office or, if their number is not three or a multiple of three, the number nearest to

one-third shall retire from office; but if any director has at the start of the annual general meeting been in office for more than three years since their appointment or reappointment, they shall retire; and if there is only one director who is subject to retirement by rotation, he shall retire. Accordingly, Gerardo Perez will retire from the Board at the Meeting. In addition, the Company's Articles of Association provide that directors who were appointed by the Board (as opposed to being elected at a general meeting) hold office only until the next following annual general meeting. Accordingly, Diego Benavides, Michael Iannacone, Jesus Lema and Santiago Valverde, all of whom were appointed by the Board following the Company's last general meeting, hold office only until the conclusion of the Meeting.

Although the Board of Directors had previously adopted a Majority Voting Policy stipulating that if the votes in favour of the election of a nominee director at a shareholders' meeting represent less than a majority of the shares voted and withheld, the nominee will submit his or her resignation promptly after the meeting to the Board of Directors, this Majority Voting Policy was adopted because it was required by the Toronto Stock Exchange. As the Company's shares have been delisted from the Toronto Stock Exchange, the Board of Directors has since rescinded the Majority Voting Policy, and it is no longer in effect.

At the Meeting it is proposed that each of Gerardo Perez, Diego Benavides, Michael Iannacone, Jesus Lema and Santiago Valverde (the "**Proposed Nominees**") be elected and re-appointed as directors of the Company.

All of the Proposed Nominees are currently directors of the Company and their current terms will expire at the conclusion of the Meeting. If, prior to the Meeting, any of the Proposed Nominees should become unavailable to serve, the board of directors may recommend an alternative nominee and duly appointed proxies (including the Chairman of the Meeting) will have the right, subject to applicable law, to use their discretion as to whether or not to vote for or against any resolution to elect any such alternative nominee. Directors elected at the Meeting will hold office from and after the conclusion of the Meeting until the conclusion of the next annual general meeting. The following table sets out the names of the Proposed Nominees for election as a director, the province or state and country in which ordinarily resident, the period or periods during which each has served as a director, positions held in the Company, their present principal occupations and number of shares of the Company or shares of any of its subsidiaries beneficially owned by each, or controlled or directed, directly or indirectly as at the date hereof.

STATEMENT OF EXECUTIVE COMPENSATION

The Company believes that effective compensation strategies are critically important to driving the Company's success and improving shareholder value. Compensation programs are structured to provide a strong positive correlation between the compensation of the Company's leaders, its corporate results and financial return to the shareholders. The programs support and enable the corporate vision, strategic priorities and the development of talent. They also reflect the Company's performance overall, embed ownership in the Company and encourage executives to take significant personal financial interest in the long-term health and growth of the organization.

The Company's approach to compensation is based on a "pay for performance" philosophy and practices are designed to provide an effective balance.

Set out below are particulars of compensation paid to the following persons (the "Named Executive Officers" or "NEOs"):

- (a) a CEO;
- (b) a CFO;
- (c) each of the three most highly compensated executive officers of the Company, including any of its subsidiaries, or the three most highly compensated individuals acting in a similar capacity, other than the CEO and CFO, at the end of the most recently completed financial year of the Company whose total compensation was, individually, more than CDN\$150,000 for that financial year; and
- (d) any individual who would be an NEO under paragraph (c) but for the fact that the individual was neither an executive officer of the Company or its subsidiaries, nor acting in a similar capacity, at the end of that financial year.

In determining who is an NEO, the term:

“**CEO**” means an individual who acted as chief executive officer of the Company, or acted in a similar capacity, for any part of the most recently completed financial year; and

“**CFO**” means an individual who acted as chief financial officer of the Company, or acted in a similar capacity, for any part of the most recently completed financial year.

During 2016, the Company had five Named Executive Officers, whose names and positions held within the Company are set out in the summary compensation table below.

Compensation Discussion and Analysis

This compensation discussion and analysis describes and explains the significant elements of compensation awarded to, earned by, paid to, or payable to, NEOs for the most recently completed financial year.

The Compensation Committee (the “**Compensation Committee**”) of the Board of Directors (the “**Board**”) determines the compensation for the executives of the Company. The Compensation Committee considers and evaluates executive compensation levels on an annual basis, and determines executive compensation levels with reference to compensation levels in the resources industry for companies with similar market capitalization and business activities. At the date of this Information Circular, the Compensation Committee is comprised of Mr. Gerardo Perez, Mr. Michael Iannacone and Mr. Diego Benavides. Mr. Iannacone is an independent director but neither Mr. Perez nor Mr. Benavides are considered to be independent directors.

The Compensation Committee was formed and charged with responsibility to establish, administer and evaluate the compensation philosophy, policies and plans for non-employee directors and executive officers, to make recommendations to the Board regarding director and executive compensation, to review the performance and determine the compensation of the directors and executive officers and to produce an annual report on executive officer compensation for inclusion in the Company's proxy statement, in accordance with applicable rules and regulations.

The general objectives of the Company's compensation strategy are to (a) align the executives' compensation with the shareholders' interests; (b) provide compensation packages to attract and retain qualified, experienced and talented executives; and (c) encourage and reward a high level of performance with the benefit of increasing shareholder value.

The executive compensation program has historically consisted of three main elements (a) base salary; (b) participation in the Company's equity incentive plan; and (c) discretionary bonuses. Additionally, executives who are employed by certain of the Company's subsidiaries earn other compensation in the form of Workers Profit Participation, national medical insurance and pension as required by applicable law, private medical insurance, life insurance, and a living allowance.

The base salary is used to provide the executives a set amount of money during the year with the expectation that each executive will fulfill his or her responsibilities to the level expected by the Company.

The equity incentive component of the Company's executive compensation program has historically been intended to align executive compensation with the Company's share price, aligning the interest of the Company's executives with that of its shareholders. The Company has historically considered the granting of stock options an important element of compensation as it provides an incentive for executives to work for an increase in shareholder value, and stock options have historically been awarded by the Board of Directors based on recommendations of the Compensation Committee and the terms of the Company's

stock option plan in effect from time-to-time. The Compensation Committee has based its decisions upon the level of responsibility and contribution of the executives to the Company’s goals and objectives. The Compensation Committee has also taken into consideration the amount and terms of outstanding stock options in determining the options to be granted, and it would normally recommend awards on an annual basis. However, the Company’s shareholders did not approve the Company’s proposed stock option plan at the Company’s Annual General Meeting held on 27 August 2015; no plan has been approved and no awards have been made since that date.

Performance Graph

The following graph compares the total cumulative shareholder return over the past five fiscal years for \$100 invested in shares of the Company on 31 December 2011 with the cumulative total return of the S&P/TSX Composite Index. The performance of the Company’s shares set out below does not necessarily reflect future price performance.

	<u>Dec. 31, 2011</u>	<u>Dec. 31, 2012</u>	<u>Dec. 31, 2013</u>	<u>Dec. 31, 2014</u>	<u>Dec. 31, 2015</u>	<u>Dec. 31, 2016</u>
IRL	\$100	\$73	\$16	\$5	\$0	\$0
S&P / TSX	\$100	\$104	\$114	\$122	\$ 109	\$ 128

The Company’s share price has experienced a steady decline over the past five years due to a combination of several factors like the decline of the price of gold, the losses experienced during 2013 and 2014 related to the divestiture of its Argentinean project and the increasing level of debt.

The shares are listed for trading on the Canadian Securities Exchange (“CSE”) and the Lima Stock Exchange (the Bolsa de Valores, or “BVL”) under the trading symbol “MIRL”.

Until September 2015, the Company’s shares were listed for trading on the AIM Market of the London Stock Exchange and the Toronto Stock Exchange (the “TSX”) under the trading symbol “IRL”. When the Company failed to timely file its financial statements for the three and six month periods ended 30 June 2015, trading in the Company’s shares was suspended on AIM, BVL and TSX. In October 2015, both the Ontario Securities Commission and the British Columbia Securities Commission issued orders cease

trading the Company's securities and the Company applied for a voluntary delisting of its shares on TSX. In March, 2016, the Company's shares were delisted from AIM. The cease trade orders of both the British Columbia Securities Commission and the Ontario Securities Commission were revoked on 19 January 2017, after the Company cured its filing deficiencies, and the suspension of the BVL listing was lifted on 4 January 2017. The Company's shares were approved for listing on the CSE on 2 February 2017.

Incentive plan awards

The following table sets forth details of the value vested or earned by the NEOs for option-based awards and share-based awards for the most recently completed financial year.

Name	Option-based awards – Value vested during the year (1)	Share-based awards - Value vested during the year (US\$)	Non-equity incentive plan compensation – Value earned during the year (US\$) (2)
Diego Benavides	Nil	N/A	2,037

1. Value vested during the year is calculated by subtracting the market price of the Company's shares on the date the option vested (being the closing price of the Company's shares on AIM on the last trading day prior to the vesting date) from the exercise price of the option, converted to US\$.

The Company's shareholders did not approve the stock option plan proposed by management at the Company's Annual General Meeting held on 27 August, 2015, and the Company has made no effort to adopt a stock option plan since that date. It is therefore currently unable to offer stock options as a component of executive compensation. On 21 August 2017, the Company entered into employment agreements with each of Diego Benavides, its Chief Executive Officer, Mr. Carlos Ruiz de Castilla, its Chief Financial Officer and Gerardo Perez, its Chairman. Each of these agreements has been described above. Other than these three employment agreements, the Company has no agreement with any member of management or otherwise for the management of the Company.

The Company has provided this information in its annual information form dated 31 March 2017 (the “AIF”) with respect to the fiscal year ended 31 December 2016. - Mr. Jesus Lema – independent non-executive director
- Mr. Santiago Valverde – independent non-executive director

CORPORATE GOVERNANCE DISCLOSURE

National Instrument 58-101 - *Disclosure of Corporate Governance Practices* (“NI 58-101”) of the Canadian Securities Administrators requires each reporting issuer to disclose its corporate governance practices on an annual basis.

Set out below is a description of the Company’s approach to corporate governance.

Board of Directors

NI 58-101 defines “independence” with reference to the definition of independence contained in NI 52-110, which provides that a director is independent if he or she has no direct or indirect material relationship with the Company. A “material relationship” is in turn defined as a relationship which could, in the view of the Board, be reasonably expected to interfere with such member’s independent judgment. NI 52-110 goes on to provide that an individual is deemed to have a material relationship with the Company if he or she is, or has been within the last three years, an employee or executive officer of the Company. A person is also deemed to be not independent if he or she has received more than \$75,000 in direct compensation from the Company during any 12 month period during the last three years.

The Board is currently comprised of three directors. The Board has determined that all of these directors are independent within the meaning of NI 52-110 and NI 58-10. The basis for this determination is that none of them receive remuneration from the Company (over and above his directors’ entitlements) or been party to any material contract with or material interest or relationship with the Company which could interfere with his ability to act with a view to the best interests of the Company.

In carrying out its mandate the board met 17 times during the year ended 31 December 2016. The following table sets out attendance by each director at meetings of the board during this period.

9. Mr. Benavides was appointed to the Board of Directors on 2 December 2016.
10. Mr. Iannacone was appointed to the Board of Directors on 2 December 2016.

The Board believes that it functions independently of management. To enhance its ability to act independently of management, if and when necessary, the Board may meet in the absence of members of management and the non-independent directors, may excuse such persons from all or a portion of any meeting where a potential conflict of interest arises or where otherwise appropriate.

Board Mandate

The Board’s responsibility is to supervise the executive managers of the business and affairs of the Company and to act with a view to the best interests of the Company and its shareholders. In the discharge of this responsibility, the Board oversees and reviews, directly or through its various committees, the Company’s results of operations, significant corporate plans and business initiatives, including the development and implementation of the annual business plan, strategic plans, major acquisitions and divestitures, public communications policies, the Company’s senior management recruitment, assessment and succession processes and the Company’s internal control and management information systems to identify and manage principal business risks. The Board is also responsible for reviewing its size and the compensation paid to its members to ensure that the Board can fulfill its duties effectively and that its members are adequately compensated for assuming the risks and carrying out the responsibilities of their positions. The Board considers, as a general rule, that management should speak for the Company in its communications with shareholders and the investment community, in the context of shareholder and investor relations programs reviewed and approved periodically by the Board.

Position Description

Given the small size of the Company’s infrastructure, the Board does not feel that it is necessary at this time to formalize position descriptions or corporate objectives for the Executive Chairman of the Board, or the Chairman of each committee of the Board, in order to delineate their respective responsibilities. The roles of the executive officers of the Company are delineated on the basis of customary practice.

Orientation and Continuing Education

While the Company currently has no formal orientation and education program for new Board members, sufficient information (such as recent annual reports, prospectuses, proxy solicitation materials, technical

reports and various other operating, property and budget reports) is provided to any new Board member to ensure that new directors are familiarized with the Company's business and the procedures of the Board. In addition, new directors are encouraged to visit and meet with management on a regular basis. The Company also encourages continuing education of its directors and officers where appropriate in order to ensure that they have the necessary skills and knowledge to meet their respective obligations to the Company.

Ethical Business Conduct

The Company has implemented a written code of conduct for its directors, officers, and employees. A director, in the exercise of his or her functions and responsibilities, is required to act with complete honesty and good faith in the best interests of the Company. He or she must also act in accordance with applicable laws, regulations and policies. In the event of a conflict of interest, a director is required to declare the nature and extent of any material interest he or she has in any important contract or proposed contract of the Company as soon as he or she has knowledge of the contract or of the Company's intention to consider or enter into the proposed contract. In such circumstances, the director in question shall abstain from voting on the subject.

Nomination of Directors

The full Board has assumed responsibility for the recommendation for appointment and assessment of directors. While there are no specific criteria for Board membership, the Company attempts to attract and maintain directors with business knowledge and a particular knowledge of mineral exploration and development or other areas (such as accounting, legal, finance or business) which provide knowledge which would assist in providing guidance to the officers of the Company. As such, nominations tend to be the result of recruitment efforts and discussions among the directors, prior to consideration by the Board as a whole.

The Board is comprised of a majority of independent directors. The Board deals with any conflicts of interest that may occur when convening by ensuring the director with conflicting interests is not party to the relevant discussions.

Compensation Committee

The current members of the Compensation Committee are as follows:

- Mr. Michael Iannacone – independent non-executive director (Chair)
- Mr. Gerardo Perez – executive director and Executive Chairman
- Mr. Diego Benavides – executive director and CEO

The Board considers that the composition of the Compensation Committee is, and continues to be, appropriate given the current size and operations of the Company. The Board continues to regularly review its composition in light of the Company's circumstances and future direction and plans to appoint additional independent directors once they have been elected or appointed. For now, the Committee is comprised of Messrs. Iannacone, Perez and Benavides, with a Chairman who is an independent director.

The responsibilities of the Compensation Committee include:

1. Conduct a periodic review, not less than annually, and report to the Board for approval of any recommended changes to the following:

- a. Chief Executive Officer's salary and the general salary structure of the Company and its subsidiaries, and salary administration procedures;
 - b. employee pension plans and trends and developments in the pension area; and
 - c. employee benefits generally, including the Company's stock option plan and any other benefits plans in effect from time-to-time.
2. Review incentive bonus arrangements for senior officers and, if and when approved by the Board, oversee the implementation and administration thereof.
 3. Ensure compliance with compensation disclosure requirements and approve the report on executive compensation for the Company's Information Circular.
 4. Annually review the adequacy and form of compensation of the Directors to ensure the compensation realistically reflects the responsibilities and risk involved in being an effective Director and make appropriate recommendations to the Board for approval.
 5. At the request of the Board, consider any other matters which would assist the Directors to meet their responsibilities regarding compensation matters.
 6. Report to the Board as required.

Other Board Committees

At this time, the Board has only the Audit Committee and the Compensation Committee. For information regarding the Company's Audit Committee, see "Audit Committee" in this Information Circular.

Assessments

As set out in the table of directorships in this Information Circular, Mr. Iannacone serves, and has in the past served, as a director for other public companies and he brings that experience to the Board.
