

## **Minera IRL Completes US\$3.8 million Ollachea Payment to Rio Tinto**

London, 14 July 2010: Minera IRL Limited (“Minera IRL” or the “Company”), (TSX:IRL) (AIM:MIRL) (BVL:MIRL) the Latin American focused gold mining, development and exploration company, announces that, pursuant to the Company’s Ollachea option agreement (the “Agreement”) with Rio Tinto Mining & Exploration SAC. (“Rio Tinto”), on 13 July 2010 its subsidiary, Minera Kuri Kullu SA (MKK), completed a significant payment obligation to Rio Tinto under the Agreement. This is an important step towards acquiring 100% of the Ollachea Gold Project, Peru.

“We have now complied with the contained gold payment obligation to Rio Tinto as a significant component in perfecting our 100% acquisition of Ollachea” said Courtney Chamberlain, Executive Chairman of Minera IRL. “This cash payment underscores the confidence we have in progressing the project toward an operating mine.”

The payment to Rio Tinto is based upon US\$7 per ounce for 70% of the ounces in excess 500,000 ounces based upon the 1.277 million ounces of Inferred Resource estimated in the November 2009 Scoping Study. This amounted to US\$3,807,300. MIRL is required to make total option and staged payments of US\$6.25 million, of which there are two staged payments remaining totalling US\$3.5 million by the end of 2011. A final NPV related payment is due six months after completion of a Bankable Feasibility Study. Rio Tinto will retain a 1% net smelter royalty (NSR).
